VOLUME XXIV. MT. VERNON, ROCKCASTLE COUNTY, KY., FRIDAY, FEBRUARY, 10, 1911. NUMBER -

LIVINGSTON

Mr. and Mr. George Painter of Brodhead, have been visiting their daughter Mrs E. Rice for the past few days.—John Lear, of Carico, Jackson county, was in our midst Monday.—R. A. Whitehead left for the west Saturday. He will visit Oklahoma and Tex. Bert said he was going to look out a home, but we think when he gets there and views the land where the sugar ponds and fritter trees are said to be he will think of the little smoky town on the river and like the prodigal son, will arise and come thither.

We read with pleasure the article written by John Renner, who is in the west. He says he thinks he knows the Livingston scribe. I think you should for many happy days have we spent together when we were teaching school on old Skegg creek. 18 years is a long time but events occur that point us back where the memory of man runneth not to the contrary.—Master George Sambrook, who is attending school at London, was with his parents, Judge and Mrs. Sambrook, Sunday.—O. D Bryant, of Mt. Vernon, is freight agent here—J. P. E. Drummond has returned from Florida. -George Pope seems to be getting weaker.—J. M. Foure has moved into the Susie Mullins house on Main Street.—Tom Baker a son of W. M. Baker, and Herbert Adams, son of Mrs. Uriah Adams, Sunday went to a coal mine and found a keg of powder and by some means got fire to it and the powder was set off and the boys badly burned. It is thought that the Baker boy will recover but there is little hopes for the Adams boy. This is a very sad occurence, but can't be helped.

Dr. Anyx is repairing his store house and will soon be ready to move his goods into it.—T. J. Pennington has no end to stock of goods into the drug store and has an up-to-date store in the old stand.—A. Pennington has moved his butcher shop in where the barber shop was and the barber shop is in a side room at Joe Oliver's store.—Geo. and John Mounce, who have been in St Louis for some time, are here visiting their parents, Mr. and Mrs Allen Mounce.—W. G. Rivers is clerking for J H Dickerson.—There was a good log tide in the river Saturday night and the Ford Lumber Co got about 4000 logs and lost about 400. They will start their big saw mill about the first of the month as they are done planing for a while.—Miss Essie Pike has returned home after a plessant visit to her cousin, Miss Rose Pike, at Brodhead.—Misses Leila Johnson and Bessie Carpenter, of Lebanon Junction, are visiting Mrs. R. Johnson, of this place.—Mrs. G. D. Cook has been visiting her parents near Mt. Vernon.—Miss Carrie Kruttger, of Corbin, has been visiting Miss Ethel Hayes.—Ed Guinn and little son, James, of Paris, have been visiting his mother the past week.—The wedding bells are ringing, guess who this time?—Miss Renie Thompson was here between trains Thursday.—W. R. Ward was here from Corbin Friday.—Mr Jackson, of London, the hardware drummer, was here Monday.—Miss Willie Benton, of Brodhead, has been the attractive guest of Mrs. W. B. Rice for a few days, but returned home Saturday. Grieve not ————, it is only a few miles down there.—Well it is not decided yet whether the dispatchers will go to Louisville or not, but it looks very much like they will. This we dislike to see, but we can't have our way. We will know more in the near future, but in the event they do go it takes ten men from this office. So you see it will hurt our little town a great deal.—Miss Ruth Painter has returned to her home at Farriston after a pleasant visit to her cousin, Miss Essie Pike.—Bill Cummins was called home on account of the serious illness of his father, Dick Cummins, of Mt. Vernon.—Dr. Carpenter, of Stanford, was here Tuesday to see George Pope, who is very sick.—D. A. G. Lovell, of Mt. Vernon, was here a few days ago.—Mrs. W. E. McCullough, who has been visiting relatives in Crab Orchard, Tenn., has returned.—We stood on the rail road the other day and counted ten wagons and teams, with ten loads of cross-ties with ten ties to the load, which was too ties coming in from one way and some coming ten miles and the mud knee deep. Then say we are having good times. Oh, you Republican prosperity.

FOR FLETCHER'S
CASTORIA

J. F. GRIFFIN.

TO THE REPUBLICAN VOTERS OF THE 17. SENATORIAL DISTRICT OF KENTUCKY:

In submitting my candidacy for the Republican nomination for State Senator from this, the 17th Senatorial Distrtict of Kentucky, subject to the action of the Republican party in its primary of March 4th, 1911, I do so with the full knowledge of the paramount issue confronting the people of this district. I have determined to make this race after earnest solicitation from the elemem of the Republican party of the district, interested in that plank of the platform of the Republican party in its late State campaign, in which it unqualifiedly endorses what is ordinarily referred to as the "County Unit Measure," giving to the citizens of each county the right to say whether spirituous, vinous or malt liquors may be sold or bartered within the county.

If nominated and elected, I promise the voters of this Senatorial district, irrespective of party affiliation, and the Republicans especially, that I will do all in my power to carry out the pledges of the Republican party in it's late State campaign, and all in my power to further legislation and to put same on the statute books, relating to the fulfillment of my party's pledges and to the enactment of laws furthering the cause of temperance in this State, bearing in mind always the pledges that my party has made to the people of this State and District with referrence to the temperance issue. In addition to the above, I will support legislation looking to the improvement of the public highways of Kentucky, and especially this district, and I will favor a bill such as was proposed by the Good Roads Congress which recently held a session in the city of Louisville. I will approve any legislation, the tendency of which is for the betterment of Kentucky, and especially this district, along commercial, individual and educational lines. Our school system especially should be improved. While I have no special bill in mind to suggest, but if nominated and elected I will favor legislation which will give to the rising generation the equal opportunity of any state within the confines of this grand union of States.

My advocacy of the temperance issue is consistent with the life that I have lived, being a total abstainer from the use of intoxicating beverages, and always an advocate of peace and order and good will in the community in which I have lived, standing firmly and steadfastly for the enforcement of the law. I was elected Circuit Court Clerk of Rockcastle County in 1897 and succeed myself holding the office for the period of 12 years, or two terms. Both campaigns for the nomination were fought out on a temperauce issue. I retired voluntarily from office and was elected by the citizens of my home town, over my protest and very much against my will, Police Judge of the town of Mt. Vernon, purely because of my advocacy of the enforcement of the prohibitory laws of my county relating to the sale of spirituous, vinous and malt liquors. In the campaign of 1908, I served, at the instance of the Republican Committee and L. W. Bethurum, the Republican nominee for Congress, as Campaign Chairman of the Eighth Congressional District of Kentucky, and in this campaign the Democratic majority was reduced more than one-half in the District, and party vote increased in my county to near a thousand majority, the largest majority ever given in the county and never equaled since.

I submit the foregoing as my platform and the attitude I have occupied with referrence to the paramount issue of this campaign, and the positions I have held with my party. Upon same I earnestly ask the endorsement of the people, confidently believing that I will receive your votes and the Republican nomination for the office to which I am aspiring, when the poles are closed in this District on the evening of March 4, 1911.

Very respectfully,
J. F. GRIFFIN.

RESOLUTIONS.

HALL OF JACKSON LODGE NO. 731.
Livingston, Ky.,
Jan. 14, 1911.

At a call meeting of Jackson Lodge No. 731 Jan. 12th, convened to pay the last sad respect to our departed brother, W. C. Mullins, a committee was appointed to write the following resolutions:

It is a sad task and with sorrowing hearts that we as a committee from our lodge, pen these words of love and esteem, which all of our members held for our brother, who was taken from our midst to his unending reward by our Heavenly father, on Wednesday morning January 11. We are at a loss to find words or phrases which can adequately express to his wife and relatives of our brother the deep and sincere sympathy which we feel for them in their sad hour. But we can only refer them for comfort where we must all look, to that One who said: "Let not your heart be troubled; I go to prepare a place for you, that where I am there you may be also".

Bro. Mullins by his geniality, loving and gentle ways and one who always had a kind word for everyone, endeared himself to all who knew him and we shall ever miss his presence among us.

Bro. Mullins was one of the charter members of our lodge, that in his death we have lost a faithful member and the community in which he dwelt a true citizen, therefore be it,

RESOLVED, That we mingle our grief with that of the bereaved wife and relatives and heartily sympathize with them in their sorrow, and bid them look to Him who can comfort the sorrowing, for that consolation no earthly power can give.

RESOLVED, That a page be set apart in the record book of our Lodge, as a memorial and that these resolutions be spread thereon, a copy sent to the widow and a copy sent to the MT. VERNON SIGNAL and Masonic Home Journal for publication.

MR. Ben Johnson has "writ" a card withdrawing from the race for the Democratic Nomination for Governor. In it he attempts to classify the people of Kentucky in two religious sects,—bigots (meaning protestants) and catholics. He, of all men, should be the last to complain or raise such a question, because for many years he has been elected and re-elected to Congress by the very people he now brands as ingots. Even now he is in Congress by reason of their support Mr Johnson's own case is a sufficient refutation of the charge that membership in the Catholic church is a bar to political preferment in the State of Kentucky The card shows upon the face of it that it was ill timed and written while Mr. Johnson was in bad humor and again proves the oft repeated statement,—that no man should act while mad. But worst of all, the publication of his withdrawal shows conclusively that the statements it contained were untrue. Mr Johnson is to be pitied for his bad judgment, rather than to be censured

BIG hearted, big Brained Charlie Vetter is doing effective work in the Pineville Sun in the campaign of education for general road building in Kentucky. He is right in saying that the convicts should be put upon the public highways. Other progressive states have long since done the same thing with telling effect. The very best thing Kentucky could do would be construct a highway from Crab Orchard, along the old wilderness road to the Cumberland Gap. It would be a great educator as well as the best investment Kentucky ever made,

The Middlesboro News Record is also doing effective work in the agitation of this great question. If our mountain people should once experience the joy of good roads such as they have in the Blue Grass country, they would never be satisfied with the present condition. A continued agitation in the country newspapers will finally arouse the farmers and business people to a proper realization of the necessity of having good roads, and when this is once realized, the good road will be forthcoming.

The biggest question before the farmers of Rockcastle county to day is the question of good roads. The biggest question before the business men of Mt. Vernon to-day is the question of roads It is more important than the tariff or the election of another President; it is more important than the question of reciprocity with Canada; it is more important than the Panama canal. The construction of good roads in Rockcastle would mean more money in the pockets of our farmers and our city people than to have the dam built or a deep water way assured.

WE note with regret the position taken by the Danville Advocate on the question of good roads. If there is any county in the state which should be willing to assist Eastern Kentucky, it should be Boyle county, for many a dollar has Danville obtained from our mountain boys. The Advocate displays such a niggardly spirit. We are thoroughly disappointed in the stand it takes. Aristocratic "Little Briton" seems to be opposed to every thing except that which will help Danville and Boyle county.

This paper, two weeks ago, published a full and complete statement of the financial condition of the town of Mt. Vernon. It was clear, full and complete and shows conclusively that we have a splendid, business-like Board of Trustees. They have acted wisely, economically and certainly for the best interest of the Town. The hope of our people is that they may go on with their good work.

EVERY citizen of our community should be thoroughly imbued with the spirit of our motto: "Do it for Mount Vernon."

MOUNT VERNON people are determined that the town shall blossom as the rose; that her business interests shall grow and that her beauty shall be known throughout the land. Our citizens are getting more active in the support of our schools, churches, streets and highways.

ARE we taking advantage of the public library at the Langdon Dormitory? It has many good books waiting for us to call and get them.

THE prospects for street lights seem good. Thanks to a progressive Board of Town Trustees, backed by a healthy public sentiment.

CHOOSING BY THE HAIR.

Men with fine, light hair are small, conceited If they do not marry un il late in life are apt to be selfish,

Men with fine brown hair, light or dark make the best husbands. They are quick, thoughtful, and less apt to be selfish than extreamly light or extreamly dark-haired men.

Men whose hair turns gray prematurely are nearly always good fellows. They are nervous, but are brainy, sympathetic and honorable.

Women with pale bloud hair, or the ashy kind, are impulsive, loving fickle They cannot be depended upon, but are good company.

Those with dark brown hair are very loyal. They are full of sentiment, and easily effected. They enjoy keenly and suffer in proportion.

Women with fine black hair are highly strung Those with coarse black tair are nearly always mean. All women with dark hair are more tempestuous than those with light hair. The dark eyes and complexions that go with the different shades of dark hair denote strong feeling. They are also more faithful than light haired women.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. At a special term of the Logan County Court at Russellville Saturday two petitions were filed one asking for an election on the whiskey question in the county and the other in the city.

The ordinance drawn for the purpose of dividing the white from the negro residence in Baltimore was declared invalid.

You are probably aware that pneumonia always results from a cold but you never heard of pneumonia when Chamberlain's Cough Remedy was used Why take the risk when this remedy may be had for a trifle? For sale by Chas. C. Davis.

EDITOR, MT VERNON SIGNAL:—
We wish to use the columns of the SIGNAL to make to the patrons of the Graded School of Mt. Vernon a report of the school for the fourth and fifth months ending Jan. 6th and Feb. 3rd, respectively and for the first half year ending January 20th.

The total enrollment to Jan. 6th was 279. Of this number 37 had left school having enrolled on Jan. 6th, 242. The average attendance for the fourth month was 180 2 or 74.4 per cent. of the enrollment.

The number enrolled during the month ending Feb. 3, was 5; the number that left during the month was 12. so that the total number enrolled to Feb. 3, was 284, and the number remaining on the roll on Feb. 3, was 235. The average attendance for the fifth month was 197. the per cent of attendance based on enrollment was 76 1.

The attendance for the five months was as follows; Frst month 167, second month, 199, third month, 181 fourth month 190, fifth mohth 179; making an average attendance of 183 2 for the five months,

The first half year ended Jan. 20. The reports of scholarship for for the half year were not as satisfactory as might have been wished, but better than for the single months.

Several reports showed an average grade of schoiarship above 90 per cent., and the following pupils made 90 per cent. or more in all their classes: Ulysses Hansel, Edna Davis, Shermau Perciful, Annette Cox, and Raymond Myers. Annette Cox, Mary Mullins, Samuel Sowder and Lillie Mullins were neither absent nor tardy during the half year. Jamie Thompson, John Sowder and Cecil Sowder were not absent during the half year, Eliza Langford would not have been absent but for the fact that she was sent home one day for fear of diphtheria. Bessie Bryant was absent hut one day. Will Thompson, Richard Cox, Maggie Jones, Ruth Landrum. Annie Baker, Chrystal Baker. Annie Ball, Pearl Baker, Charlie St. John, Sherman Perciful and Renie Sowder were neither absent nor tardy duriug the fourth month.

While but few made 90 per cent. or more in all their classes, there are more who are doing good and faithful work which will show in their reports at the end of the second half year.

And now we wish to say a few words directly to the patrons. Many of you perhaps noticed that the report of your child or of the child under your care showed a grade rather low in deportment, This is often due to a number of unexcused absences which must of course be counted against the deportment of the pupil and for which you are often responsible in your failure to send a written excuse to the teacher. This is not difficult for you to do in case it is necessary for you to keep your child out of school, and since it is the only sure way for us to keep a true record we believe it is not asking too much of you to send us such written excuses Let us urge upon you again the importance of regular and prompt attendance. It is scarcely possible for an ordinary pupil to do the necessary work of school if he is absent as much as one fifth of the time. And now as we begin upon the second half year let us urge upon you also the importance of attendance until the end of the session for unless a pupil continues his work to the end of the term and takes the final examinations he cannot be promoted to a higher grade for next year's work. We urge you to visit the school and eucourage us and the pupils by thus showing your interest in our work.

Respectfully.
T. A. HOUSTON, Principal.

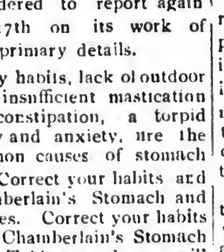
BAD CASE OF GRIP

Caused Sore Throat and Tonsilitis. Restored by Peruna.

Mr. W. H. Housley, Stony Point, Tennessee, writes:

"Five years ago I took a very severe cold which resulted in la grippe. I never was so bad off. I was in bed several weeks, and when I did get up I had tonsilitis and sore throat.



Mr. W. H. Housley.

"I tried to cure this for eighteen months, but it gradually got worse. A doctor advised me to have my tonsils cut out, but I did not like the idea. Another doctor examined me, and told me the same thing. I finally got a bottle of Peruna, and after I had taken one bottle my throat was better. I bought and used a dozen bottles, and saw I was going to get well, and I did."

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) supersedes the old International as much as that book exceeded Its predecessor. On the old foundation a new superstructure has been built. The reconstruction has been carried on through many years by a large force of trained workers, under the supervision of Dr. W. T. Harris, former United States Commissioner of Education, and received by many eminent specialists. The editorial force has been rearranged and much doubled. The number of terms defined has been more than doubled. The etymology, pronunciation, have received unsparing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness. In size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.
